

PRE-DENTISTRY (412)

Associate of Science

ABOUT OUR PROGRAM

This program is intended to provide the first two years of a four-year baccalaureate program. Study in this major provides a foundation for a career in dentistry through study in humanities, math, and sciences.

NATURE OF WORK AND EMPLOYMENT

Dentists diagnose and treat diseases of the teeth and tissues of the mouth. Most dentists work in private offices or clinics. Specialty areas include oral surgeon, periodontist, and orthodontist. Dentists require a license to practice.

SPECIAL CONSIDERATIONS

Those interested in dentistry should have an aptitude in science, good manual dexterity, good hand-eye coordination, and good eyesight. Students must be prepared to continue their education at the professional level after completing their baccalaureate degree. **The listed coursework is a recommendation only. Students should check with a student advisor for HCC graduation requirements and specific university requirements in this major.**

Students must meet with an advisor to ensure that the special requirements of the department and institution to which they plan to transfer are met. Colleges and universities have specific requirements for transfer students.

PROGRAM CONTACTS
